ELEGANT PROTECTION

PRE-FABRICATED COLUMN CASINGS ARE TODAY'S ANSWER TO MODERN DEMANDS FOR STYLISH SUPPORTS

"ELEGANT PROTECTION"

LET'S BRIEFLY DISCUSS THE ROLE PLAYED BY THESE IMPORTANT COLUMNS.

BARE CONCRETE OR STEEL CERTAINLY PROVIDES THE STRENGTH BEHIND THE DESIGN. BUT THAT IS WHERE IT MUST BE

"BEHIND THE DESIGN." WHEN THE OVERALL COMPLETED SCENE IS VIEWED.

HOW MASSIVE ARE THE COLUMNS?

OFTEN PIPES, WIRES AND TELECOMMUNICATIONS THAT ACCOMPANY THE STRUCTURE NEED A STYLISH PROTECTIVE DEFENCE FROM THE VIGOURS OF THE BUSY LIFE THEY FACE.

DUE TO PRE-FABRICATION, THE INSTALLATION PROCESS IS MUCH QUICKENED AND IS GENERALLY A SIMPLER PROCEDURE.

HERE AT ACE WE BELIEVE THAT TOMORROW'S COLUMN CASING HAS STILL TO BE DESIGNED. SO HOWEVER FUTURISTIC YOUR IDEA MAY BE, BRING IT TO ACE WHERE WE WILL BRING IT TO LIFE.

ACE ARE ABLE TO MANUFACTURE CASINGS TO ALMOST ALL ARCHITECTURAL REQUIREMENTS FROM ELECTRO ZINC COATED MILD STEEL, ALUMINIUM AND STAINLESS STEEL HOWEVER ILLUSTRATED, ARE WHAT WE WOULD CATEGORISE AS OUR STANDARD SECTIONAL DESIGN'S

DUE TO SHEET MATERIAL SIZE CERTAIN RESTRICTIONS APPLY REGARDING DIAMETER AND HEIGHT, PLEASE CONSULT WITH ACE'S TECHNICAL DEPARTMENT FOR FURTHER ADVICE

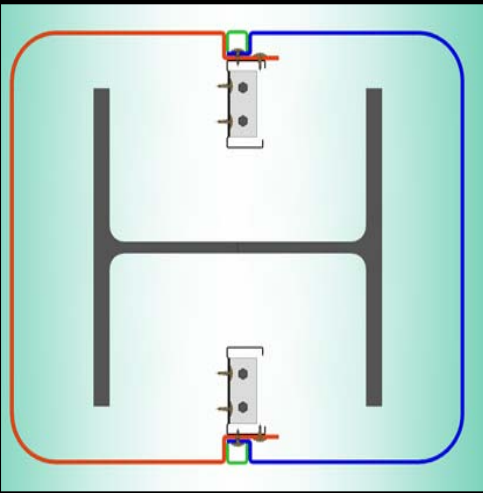

FIG 1 = SQUARE

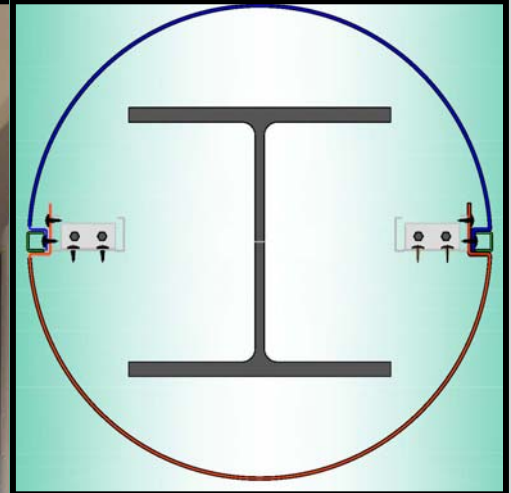

FIG 2 = CIRCULAR

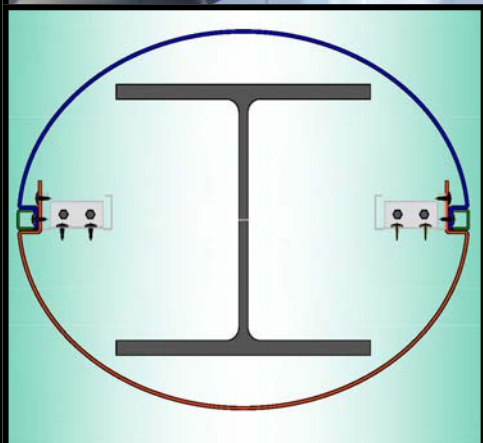

FIG 3 = ELLIPTICAL

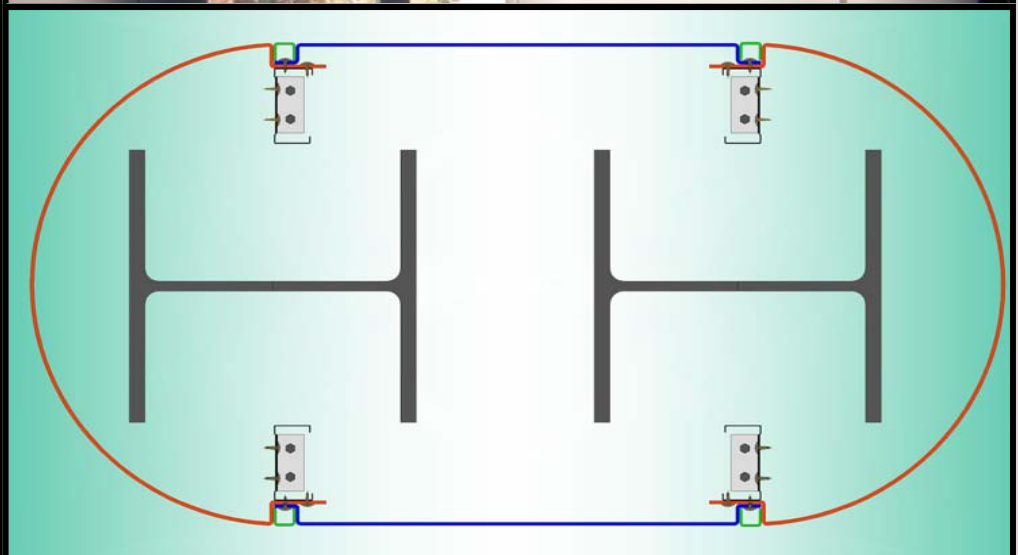

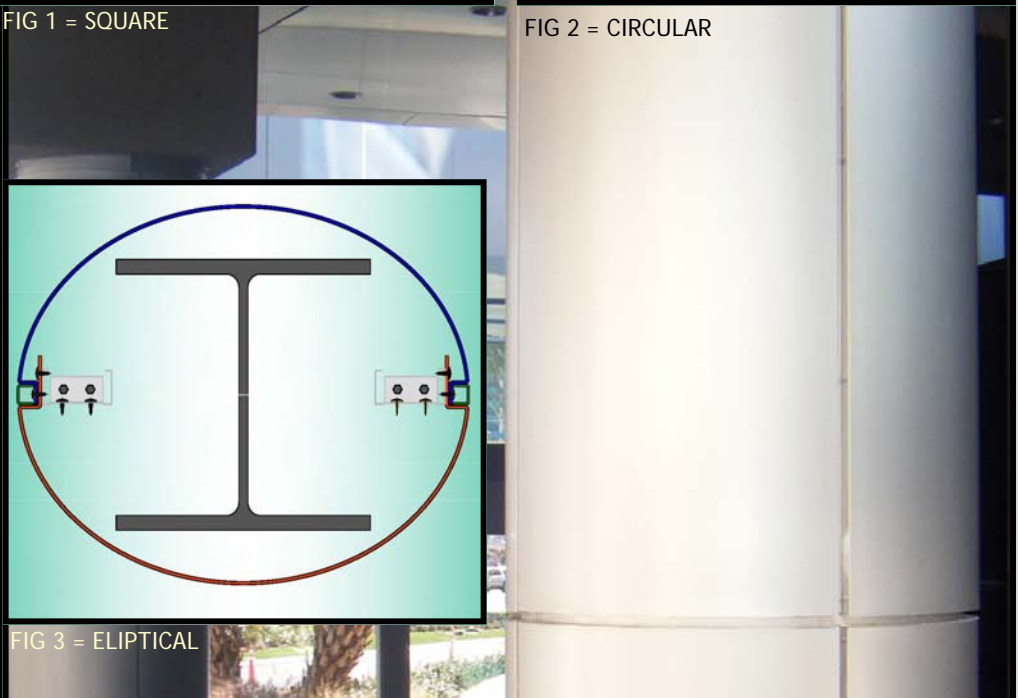

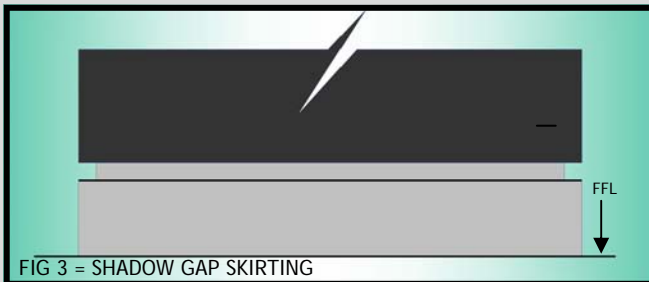

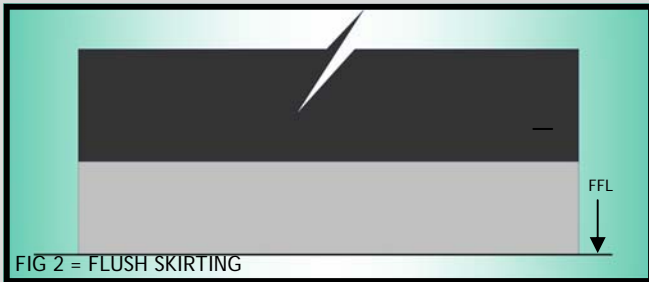

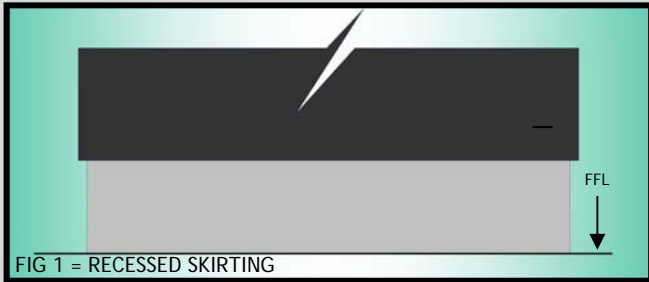

FIG 4 OBROUND

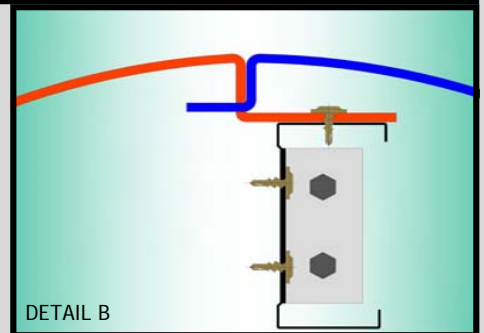

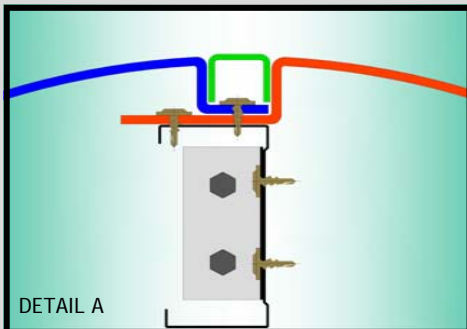

SKIRTING OPTIONS

ACE OFFER 3 STANDARD SKIRTING OPTIONS FOR COLUMN CASINGS ALTHOUGH A SKIRTING DETAIL IS NOT ESSENTIAL IN MANY CASES IT IS USED TO CONTINUE THE ARCHITECTURAL THEME WITH THE SURROUNDING SPACE, TO OFFER A CONTRAST TO THE MAIN BODY OF THE COLUMN THE SKIRTING CAN BE SPECIFIED IN ANY COLOUR FROM THE ENTIRE RAL RANGE OR DIFFERENT MATERIAL IE STAINLESS STEEL OR ALUMINIUM IN EITHER BRUSHED OR POLISHED FINISH.

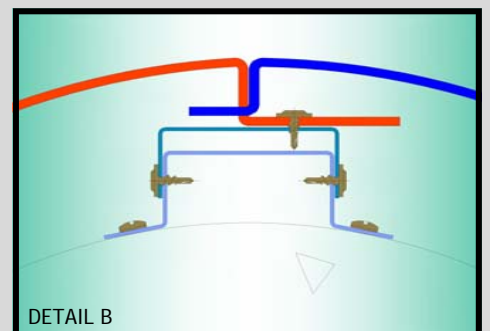

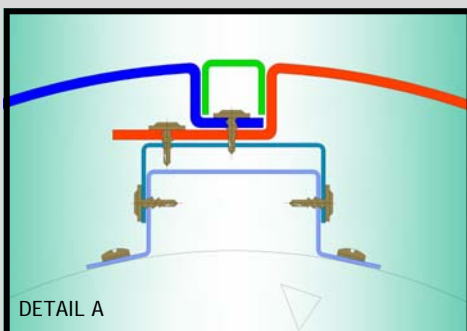

COLUMN CASING COMPLETE WITH BRUSHED STAINLESS STEEL SKIRTING

FIXING OPTIONS

COLUMN FIXED TO INDEPENDENT STUD (FOR USE WITH STEEL SECTION COLUMN)

COLUMN CASING FIXED TO CONCRETE COLUMN
